## Fully Connected CAVITEX C5 Link Enhances Logistics Efficiency and Reliability

The logistics sector is recognizing operational predictability and asset efficiency as key benefits following the opening of the CAVITEX C5 Link Segment 3B.

Segment 3B is the final segment that completes the alignment of the 7.7-kilometer CAVITEX C5 Link, establishing a direct connection between the Manila-Cavite Expressway (CAVITEX) and C5 Road in the City of Taguig.

While the industry continues to operate under

challenging economic conditions, leaders note that the ability to bypass traditional urban bottlenecks provides a critical edge in maintaining supply chain reliability.

"The opening of the CAVITEX C5 Link Segment 3B eases up our daily transport movements, helping us keep up our delivery timelines and optimize our resources," said Doris Torres, Executive Director of the Philippine Multimodal Transport and Logistics Association, Inc.

"We welcome infra-
structure that eventually
reduces the total cost of
logistics in the country." At
the operational level, the
expressway significantly
improves turnaround time.
A route that previously took
up to 1.5 hours can now be
completed in as little as 15
minutes, enabling more
consistent and predictable
scheduling.

Arlyn Abello, Ac-
count Manager at Premier
Global Logistics Corp.,
shared that improved traf-
fic flow has enhanced
fleet performance. "It has
helped enhance the effi-
ciency of our deliveries,
allowing us to better meet
our schedules and im-
prove overall service reli-
ability," Abello said.

Llalaksmi Freight
Services Inc. also empha-
sized that the express-
way enables them to
avoid heavily congested
inner roads, saving on
operational costs and pri-
oritizing driver welfare.
"It helps reduce delays, fuel
consumption, and overall
stress for our drivers, which

is a big factor in keeping
operations smooth. Be-
cause of this, we're able
to serve our clients more
efficiently, particularly for
time-sensitive shipments,"
the company stated. While
the alignment is now fully
connected, a portion of
Segment 3B is currently
operating under a modified
scheme, with two lanes
in each direction, as the
remaining Right-of-Way
(ROW) concerns are being
addressed to achieve its
full six-lane capacity with a
2x2 service road. Even in
its current state, the proj-
ect significantly enhances
network connectivity, en-
abling logistics companies
to better manage fleet uti-
lization and ensure that
time on the road is spent
moving goods rather than
idling in traffic.

## PHILHEALTH'S... fr pg. 1

PASIG CITY — PhilHealth's expanded benefit packages are now delivering tangible results for millions of Filipinos, significantly reducing out-of-pocket health expenses while inspiring stronger participation from the private healthcare sector. Over the past two weeks, President Ferdinand R. Marcos Jr. and PhilHealth President and CEO Dr. Edwin M. Mercado personally witnessed how these reforms are transforming healthcare access in two leading private hospitals.

On May 1, President Marcos and Dr. Mercado visited St. Elizabeth Hospital, Inc., where PhilHealth members were actively benefiting from the agency's expanded healthcare packages, in-

cluding YAKAP primary care consultations, cancer treatment services, and life-sustaining dialysis care. The visit showcased how PhilHealth's strengthened benefits are helping patients access essential treatment earlier while shielding families from the financial burden of illness.

Last May 11, the President visited The Medical City in Ortigas, where he inspected the newly opened Alfredo R.A. Bengzon Patient Access Ward, a 51-bed facility designed to provide world-class healthcare services to PhilHealth members with little to no out-of-pocket expenses.

The facility, which includes nine mother-and-baby-friendly rooms, stands as a powerful ex-

ample of what can be achieved when private hospitals fully embrace their partnership with PhilHealth in advancing accessible, high-quality healthcare. Patients and their families shared firsthand how expanded PhilHealth coverage protected them from catastrophic medical expenses and allowed them to focus on recovery instead of financial hardship.

"The question is not capability, but will—the will to look at every PhilHealth member and say, 'You belong here, too,'" said Dr. Mercado. "Decades from now, no one will ask how many private suites a hospital had. They will ask how many lives were saved and changed."

Building on these successes, PhilHealth is

calling on more private hospitals, specialty centers, and clinics nationwide to join this shared mission of making quality healthcare truly accessible to every Filipino. The agency remains ready to support healthcare facilities seeking accreditation across its growing range of benefit packages—including primary care, outpatient emergency services, inpatient care, maternity services, dialysis, cancer care, and treatment of catastrophic illnesses under the Z Benefits Program.

Healthcare institutions interested in partnering with PhilHealth may visit the PhilHealth Official Website or coordinate with the nearest PhilHealth Local Health Insurance Office. / PR

## ASEAN officials push for 'people-centered' transport sector

MANILA – Senior officials from the Association of Southeast Asian Nations (ASEAN) pushed for building a more connected, forward-looking, and people-centered transport sector in the region during two international dialogues held from Tuesday to Thursday.

The Philippines, as chair of the ASEAN Transport Meetings in 2026, convened the 61st ASEAN Senior Transport Officials Meeting and the 5th ASEAN – US Senior Transport Officials Dialogue.

During these gatherings, ASEAN member states and dialogue partners discussed key regional transport priorities, strengthening cooperation, and advancing initiatives toward safe, seamless, resilient, sustainable, innovative, and inclusive transport systems in the ASEAN region.

In particular, the executives are committed to building a transport sector that responds to evolving regional and global challenges through strengthened cooperation and collective action. In a statement Friday, Department of Transportation (DOT) Acting Secretary

Giovanni Lopez reaffirmed the agency's commitment to working closely with ASEAN member states in advancing transport cooperation to improve connectivity, mobility, and the quality of life of ASEAN people.

"As we navigate our future together, it is incumbent upon ASEAN to show the world our strong commitment to continuously work towards strengthening our transport connectivity and mobility for the betterment of our people and the future generations," Lopez said.

On the other hand, DOT Undersecretary for Planning and Project Development Teodorico Jose Delfin called on ASEAN senior transport officials to ensure that regional gains in the transport sector would translate into tangible benefits for

the regional bloc's people. "In many ways, transport is one of the most visible and tangible manifestations of ASEAN integration.

Through transport, our very people should be able to see, feel, and benefit from ASEAN," Delfin said. This year, the Philippines assumed the ASEAN chairship, taking over from Malaysia. The events focus on themes such as "Navigating Our Future, Together," with core pillars including peace and security, prosperity, and people empowerment.

The ASEAN region has a combined population of nearly 700 million and is seen to become the world's fourth-largest economy by 2030.

Transportation is considered as one of the key pillars of the region's shared progress. (PNA)
